

Chasing Heaven: What Dying Taught Me About Living

By Donna VanLiere

In her powerful and moving memoir, Chasing Heaven, Donna VanLiere shares her experiences with cancer and the lessons she learned about life and living. VanLiere was diagnosed with stage IV colon cancer in 2015, and given just months to live. But instead of giving up, she decided to fight for her life. She underwent aggressive treatment, and against all odds, her cancer went into remission.

But VanLiere's journey was not without its challenges. She faced setbacks, pain, and uncertainty. But through it all, she never lost hope. She learned to appreciate the simple things in life, and to find joy in every moment. She also learned the importance of living life to the fullest, and of following her dreams.
